[WIC](#) is a nutrition program that helps pregnant women, new mothers, and young children under age five eat well, be active, and stay healthy.

What Does WIC Offer Families?

- WIC benefits card to buy healthy foods such as milk, juice, eggs, cheese, cereal, dry beans, fresh fruits and vegetables, and peanut butter
- Nutrition and health education to help you and your family eat well and be active
- Provide breastfeeding support, services, and education
- Help you find health care and other community services

How Do I Enroll in WIC?

Call 530-889-7187 or begin your application process online. Form [here](#).

New to WIC?

If your income has been affected by COVID-19, or if you are pregnant or have a child under age 5 and need assistance, please [Apply for Services](#). Men, dads, grandparents, foster parents, and caretakers are all welcome to apply for WIC benefits for their children under age 5. WIC is also not considered a part of public charge. It is safe to use and does not affect immigration status for anyone who is currently in the U.S. The WIC application process can be completed by phone, and you will receive your food benefits within a few days if you qualify.

Contact your WIC local office for more info. You may also contact CDPH WIC Division State Office for updates (such as available WIC benefit increases). Call toll free: 800-852-5770 or email WIC@cdph.ca.gov

530-886-3630

Description:

[California Children's Services](#) (CCS) is a statewide program that arranges, directs, and pays for medical care, equipment, and rehabilitation when these services are authorized by the program. Services can be authorized for children and young adults less than 21 years of age who have eligible medical conditions and whose families are unable to pay for all or part of their care.

Your child may be eligible if he/she meets all four of the following requirements:

- Age: Your child must be under 21 years of age.
- Residence: Your child must be a permanent resident of the California county where you apply. Your child's residence is usually where you live.
- Income: If your child is not already enrolled in Medi-Cal or the Healthy Families Program, your income must be less than \$40,000 per year, according to the adjusted gross income on your California income taxes. A child may be eligible when the family income is more than \$40,000 if medical care for the child's CCS condition is expected to cost the family more than 20 percent of the family's yearly income. If your child is adopted and has CCS-eligible conditions at the time of adoption, your income will not matter. There is no financial eligibility requirement for CCS diagnostic services or the CCS Medical Therapy program.
- Medical Conditions: Only certain conditions are eligible for CCS. In general, CCS covers medical conditions that are physically disabling or require medical, surgical, or rehabilitative services.

530-886-3620

Description:

The Place County [Child Health and Disability Prevention](#) (CHDP) Program is a statewide health program whose goal is to assure that all children and youth of families with limited income in California stay healthy by providing complete health exams, preventive services and immunizations to eligible children.

CHDP provides care coordination to assist families with medical appointment scheduling, transportation and access to prompt diagnostic and treatment services to prevent or greatly reduce the severity of suspected problems.

The CHDP program also provides a "gateway" to ongoing health care for children by linking families to health insurance and a medical home.

To participate in CHDP you must be a Placer County resident, and you must meet one of the two following requirements:

- Age 0 to 19 with low to moderate family income and no health insurance coverage for health exams
- Age 0 to 21 with limited or share-of-cost Medi-Cal

Please contact the CHDP program at 530-886-3620 to check status of Medical providers accepting new patients with Medi-Cal coverage.
